

STERN

WALL MOUNTED SOAP DISPENSERS WITH QUICK CONNECTION

Starting January 1st, 2015 the below soap dispensers will be supplied with a "quick connection" that replaces the existing brass nipple:

Tubular Soap Dispenser

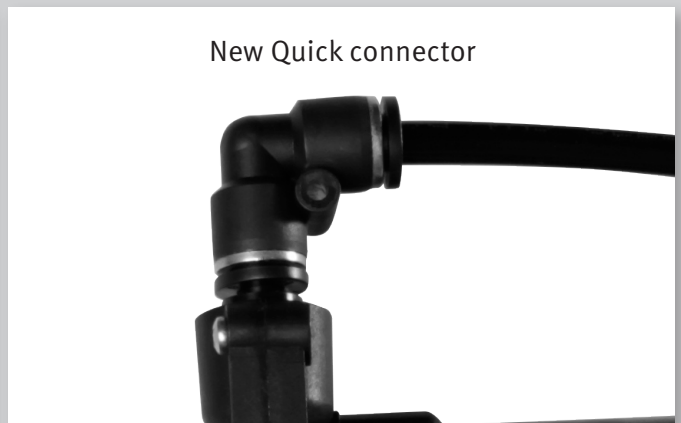

Quadrat Soap Dispenser

Old Brass connector

New Quick connector

To connect the soap leading pipe: simply push and release. This will lock the connection. If needed, you can cut the leading soap pipe for the desired length.

To disconnect the soap leading pipe : pull the fixing ring down on two sides and then pull out the soap leading pipe.

For more information, please contact your sales manager.
