

TUBULAR FOAM AISI316

TOUCH-FREE ELECTRONIC FOAM DISPENSER

SPECIFICATIONS

Touch-free electronic foam dispenser for wall mounted installations. Activated by infrared sensor. AISI316 stainless steel body, other finishes available. Includes a 1 liter soap bottle and bottle support. With a designated peristaltic pump that prevents clogging and back flow. Remote installation option: extension cable and longer piping. Customizable settings by optional remote control: soap quantity, soap tank refill, temporary off and reset to factory settings.

OPERATION

Touch-free electronic foam dispenser operated by infrared sensor. The foam dispenser automatically

activates when users place their hands within sensor range, providing a measured foam soap dosage (customizable by optional remote control). If the users remove the hand before the full amount is dispensed, the foam soap dispenser immediately deactivates.

APPLICATION

With dripless automatic shutoff, this foam soap dispenser helps washroom organization and cleanliness. Combined with the touch-free electronic faucet, it creates a germ-free automated environment. Ideal for stadiums, train and bus stations and highway rest stops.

PRODUCT AT A GLANCE

Installation	Wall mounted
Power Supply	12V transformer
Soap	1 Liter soap bottle. The peristaltic pump enables the use of any non-proprietary foam soap.
Soap Viscosity	Up to 100 cPs
